

utilization.

2. Who is responsible for establishing the Incident Command at an incident scene?

Answer:

The Incident Commander (IC) is responsible for establishing and managing the incident command. The IC is the individual in charge of overall incident operations, making strategic decisions, and coordinating response efforts.

3. What are the key functions within the ICS organization?

Answer:

The core functions within ICS include:

- Command: Overall incident management
- Operations: Tactical operations to achieve incident objectives
- Planning: Collection, evaluation, and dissemination of information
- Logistics: Providing resources and support
- Finance/Administration: Cost tracking, procurement, and administrative tasks

4. How does ICS ensure effective communication during an incident?

Answer:

ICS establishes a common communication plan, uses standardized terminology, and designates communication roles to ensure clear, concise, and coordinated communication among all responding agencies.

5. What is the difference between a Single-Resource and a Facility in ICS terminology?

Answer:

- Single-Resource: An individual, piece of equipment, or resource capable of being used independently (e.g., a fire engine, a team of responders).
- Facility: A physical location where resources are staged or managed (e.g., a command post or
